Fun at the Fair

BY KRISTIE POPA - 4-H AGENT

Being a part of the fair is an exciting opportunity for all. Whether you submitted items for the 4-H exhibit booth or are exhibiting animals small or large, you have the opportunity to gain life skills through the completion of your project.

It is important to remember to follow the 4-H code of conduct and fair rules and guidelines.

Take a look at these important Fair FAQ's:

-Don't forget the proper clothing each day -
  Daily: long pants / jeans, close toed shoes (NO CROCS)
  Show Attire: long sleeve - white collared shirt, jeans (dark blue or black), close toed shoes

-Animal Posters - create posters for your animal's pen which include the following:
  Name of Exhibitor
  Age of Exhibitor
  Club
  Animal Breed
  Market Animal (Age / Weight)
Career Spotlight: Meteorologist

National Weatherman's Day will be celebrated on February 5th, 2020. A meteorologist is an atmospheric scientist who studies weather conditions and forecasts weather changes. Meteorologists are required to have a bachelor's degree in meteorology with semester hours in analysis and prediction of weather systems. In addition, they should take courses in calculus, physics, physical science, statistics, computer science, chemistry and physical oceanography and climatology. Meteorologists receive a certification from the American Meteorological society and must possess communication skills. Their income ranges from $44,000 and up with the median income being $70,000. If you are interested in meteorology, consider taking High School classes in mathematics, geography, computer science, physics and chemistry.

How Many Days Does A Year Have?

You are about to experience something that only happens every 4 years. Instead of 365 days, this year, a LEAP YEAR, has 366 days. So, instead of February having 28 days, it has 29 this year - the leap year.

A year is usually defined as the amount of time it takes a planet to complete one orbit around the sun - 365 1/4 days Because we only have 365 days, every so often, we need to add an extra day.

What are you going to do on your leap day during the year of 2020? Remember the next leap year won’t take place until 2024.
National Kite Flying Day

What's the perfect activity for a windy day? National Kite Flying Day celebrated on February 8, 2020, is a lot of fun for those who love the outdoors.

Kites range from simple diamond kites to box kites and giant character kites. Whether you get outside and fly a pre-made kite or use the directions below to create your own kite to fly with family and friends. Make sure to follow safety guidelines when flying kites. These guidelines include not flying near power lines, trees or other high obstacles as well as not flying kites in the rain.

Did you know that kites date back to 470 B.C. in China? Early kites were constructed from bamboo or reeds for framing. Leaves, silk or paper made up the sails of the kite. Vines and braided fibers completed the line/tether.

Kites are often used as tools as well as ceremonial items used to send messages to heaven.

4-H ACHIEVEMENT AWARD
