

MEETING NOTICE

Oyster Restoration Research in Apalachicola Bay

November 14, 2017

From 5-6 PM

**Apalachicola Community Center at Battery Park
1 Bay Avenue**

Scientists from the University of Florida and the Florida Fish and Wildlife Conservation Commission will provide an update regarding the experimental research project that is on-going in Apalachicola Bay. This five-year project is being funded through the National Fish and Wildlife Foundation. The project is examining oyster health, productivity, reef structure and water quality to support the Bay's oyster industry in the long-term.

All interested persons from the community are encouraged to attend
