# FLORIDA 4-H Horse Project Record Book

**COOPERATION EXTENSION SERVICE • IFAS • UNIVERSITY OF FLORIDA** 

#### PHILOSOPHY AND GOALS OF THE FLORIDA 4-H HORSE PROGRAM

The purpose of the 4-H Program is to provide young people an opportunity to participate in a series of activities designed to improve citizenship, sportsmanship, horsemanship, character, competitive spirit, discipline and responsibility, while creating an atmosphere for learning and awareness of the life around us.

If one takes time to study this statement, the goals and implications are awesome. It is not anticipated that a child would progress at the same rate for all of these objectives; it is expected that, given the proper motivation and good leadership by leaders, parents and agents, there would be improvements in all areas. Many times, recognition by the 4-H'er that they could improve in these areas is a significant accomplishment.

Most 4-H'ers electing this project will already have a significant interest in, and even a passionate love, for the animal. It is the leaders' responsibility to utilize this interest to accomplish the project objectives. Though the objectives may be arranged in a different order, you will notice the first objective is not horsemanship. Horsemanship, in the broadest sense, is an important facet of the 4-H horse program, but it should be understood that the horse is only a tool to be used in the development and education of the child. There are over 50 major project areas available in 4-H, and all of them have as objectives to make better citizens of youth, to increase their knowledge in a particular subject matter area and to inspire them to explore other areas.

Horse shows are not the major objective of this program, and any leader or agent that professes this, either out of actual belief or to persuade someone to join a 4-H club, is certainly in error. In doing this, they would most certainly be setting themselves, and the club, up for disappointment and possible failure. This is not to minimize the importance of horse shows in helping to achieve our goals, but it must be understood we are in the business of education. There are many opportunities to show elsewhere and it is quite possible there will be many youth in a club that are not interested in showing. They may be interested in one or more of the many forms of tail riding, rodeoing, breeding and production or other activities involving the use of a horse.

When thinking about the horse program and its objectives, one should certainly realize that participation in horse judging, public speaking and method demonstrations is extremely helpful in achieving said goals. Participation in these activities can help a youth improve in many areas, as well as gain a better education.

In summary, there is a need for all aspects of the current 4-H Horse Program, and it is hoped that you as leaders and agents, will encourage participation of your club members in all these areas.

# **4-H HORSE MANAGEMENT PROJECT**

#### Instructions

All members who own or manage one or more horses or ponies may keep this project record. It should be kept in an updated, neat and accurate manner. This may be the only project taken or the member may also enroll in additional 4-H projects including the progressive riding projects. This project may be repeated as many times as desired.

#### **Requirements**

- 1. Be a 4-H member.
- 2. Select, manage and care for one or more animals. Ownership is recommended but not required. (Note special rules for shows, events, etc.)
- 3. Follow directions of Project Leaders and Extension Agents.
- 4. Participate in activities and events related to the project
- 5. Keep an accurate and up-to-date record book.
