

## Ask Me Another! Food Safety Game

### Game rules:

- 2-4 teams can play during a game with 2-3 players on each team. Each team will have a buzzer which they must use for answering questions.
- Anyone who is not on a team can be the “audience”, helping answer questions for a team.
- The team to go first is determined by the Host who reads the questions.
- There are 4 categories with point totals from 10-50 points. The team in play chooses a category and point value.
- The Host must read the entire question before a team buzzes in. Any team can buzz in.
- The Host will call on the team who buzzed in first.
- If the team answers correctly, they can choose the next category. If the team answers incorrectly, another team can buzz in to “steal”.
- The team with the most points at the end wins. In case of a tie, the teams will answer the bonus question to break the tie.

### How does the game work?

- The game is a PowerPoint presentation. Put it on presentation mode to play. When a team chooses a point value, click on that square to go to the question. When the question is answered, click on the arrow to return to the Gameboard.
- The Host or an assistant need to keep track of the questions that were already played because the squares don’t disappear.
- Questions about the game? Contact Gabi Murza at [gmurza@ufl.edu](mailto:gmurza@ufl.edu) or 321-697-3000.

### Answer key:

POINTS	FOOD SAFETY	USING EQUIPMENT	MAKING FOOD	PROCEDURES
10	Gloves	Cheese machine	1 scoop	2 people
20	Thermometer	Hotdog cooker	BBQ	Purchase; buy
30	Clean, Separate, Cook, Chill	Crockpot	Walking taco	\$20
40	Surfaces	Sensor	BBQ sandwich	15 minutes
50	Beginning; start	155 degrees	Cloverbuds (ages 5-7)	Tally sheet; Sign In/Sign Out; Inventory Checklist
