

Experience *LIFE*

Learning In Florida's Environment

What is *LIFE*

- Environmental education on public conservation lands
- Standards-based science education for grades 4-5
- Three field explorations per year, at key Florida ecosystems
- Three hands-on field labs and activities per exploration
- Pre-exploration, in-class preparation provided
- Low-cost education: you pay only in-county transportation

Draws on the resources and expertise of UF/IFAS Extension Sarasota County, the Florida State Parks Service, and the Florida State Parks Foundation.

FRESHWATER

Myakka River State Park
Fall

UPLANDS

Oscar Scherer State Park
Winter

COASTAL

Lemon Bay County Park
Spring

Take your students on an EDU-VENTURE through *LIFE*
