Vendor Application and Review

The Brevard County Farmers Market Management shall review all vendor applications. Approval of Market Management is required before a vendor may participate in the market. During the review process Market Management may consider space at the market and the items a vendor offers in determining approval. The review process can take up to two weeks. Missing or incomplete forms can delay the reviewing process.

Inspections of Farm or Facility

Vendor agrees to allow UF/ IFAS Extension Employees or their agents to inspect the facility or property where the goods being sold at the market are grown or produced. Prior to inspection UF/ IFAS Extension will provide the vendor with written notice at least 48 hours prior to the Inspection. Failure to allow UF/IFAS Extension employees to inspect the property may result in the termination of the agreement. If using a commercial kitchen, vendor must provide written confirmation of use of the space and must agree to a visit to the facility.

Acceptance into the Farmers Market is provisional, and full approval is given only after verification of production via farm or facility inspection. Submitting an application does not guarantee acceptance into the Market.
