Hi Apple Core & More Readers-

Happy 2023! It is a new year and time for new thinking. January is one of the best months to think about how far you have come and where you want to be over the next 12 months. Keep a keen focus on your health and self-care. Make this one of your best years.

Thank you so much for continuing to read our FCS newsletter. We welcome your comments and your feedback. Please sign up to continue to receive this Apple Core & More Newsletter and email me for articles you would like to see in future newsletter editions. See p. 5.

Also please follow our Facebook and Twitter pages. See p. 9 to sign up.

Please take care and stay positive and healthy this year.

Brenda Marty-Jimenez, MHM, RDN, LDN, FAND
Family and Consumer Sciences, Agent IV

For 20 years, Brenda has successfully led our Family and Consumer programs in the community and beyond covering topics such as: nutrition, health, food, safety, ServSafe, Cottage Food Law, disaster preparedness, food preservation, chronic disease prevention and wellness.

Brenda holds a BS in Nutrition and Dietetics from the College of St. Scholastica, with a Dietetic Internship at McKennan Hospital in Sioux Falls, SD. She also completed her Master in Health Management at St. Thomas University and has over 18 years of acute care experience as a Registered and Licensed Dietitian and Nutritionist in Florida.

Since 2002, Brenda has been a motivation to our team and an inspiration to industry professionals. She has been recognized in the past as recipient of the NEAFCS Distinguished Service Award, most recently at the 2021 EPAF Conference with the NEAFCS Continued Excellence Award and 2022 NEAFCS Disaster Education Award.

Rose M. Morales
Family and Consumer Sciences, Education Training Specialist I

Rose is responsible for educating citizens and working with the Family Consumer Sciences in Broward County. She engages in community outreach and educational research-based programming.

She comes to us with 13 years of experience in teaching South Floridians subjects such as: the importance of eating healthy, increasing physical activity, and keeping hydrated, while working for the Family Nutrition Program.

She is motivated and passionate about connecting with people and delivering classes on different topics. She is seasoned with making an impact with the audiences she serves in terms of knowledge gain and behavior change.

She is friendly, personable and an asset to Family and Consumer Sciences. Rose was awarded the Paraprofessional Award in 2019 by UF/IFAS Extension and has received several other accolades.

Tips for Holiday Season Money Management

This year, people are looking to keep traditions alive. Don't allow seasonal overspending on gifts, food, decorations and non-gift purchases add stress to your holiday season. Plan ahead, make a list and check it twice — the new year will thank you!

- **Create a budget and stick to it.** Take your spending plan and shopping list with you.
- **Don't purchase on impulse.** Beware of retail tricks like loyalty cards, BOGO pricing and bundled purchases.
- **Track your spending.** The UF/IFAS Money Management Calendar, available at [https://ifasbooks.ifas.ufl.edu](https://ifasbooks.ifas.ufl.edu), can help you keep track of your expenses, stay on top of bills and build a spending plan for the coming year.

---

**Food**
- Write a menu for holiday meals.
- When shopping for food, take a list with you and stick to it.

**Gifts**
- Develop a gift-exchange strategy with family and friends that sets limits on dollar amounts and recipients.
- You can scale down your list and manage expectations by drawing names or having a “white elephant” gift exchange with set dollar limits.

**Decorations**
- Inventory decorations you already have before you buy more.
- Try making your own holiday decorations as a family project. Natural decorations made from leaves, berries and nuts can be composted after the holidays, won’t take up room in your closets.

**Non-Gift Purchases**
- Ask yourself, is it something absolutely necessary to make the season merry and bright? If the purchase cannot fit into your planned budget, think twice before buying it.

**OUTDOOR FUN IN BEAUTIFUL FLORIDA**

**WHAT TO DO**
- **TRAIL HIKING**
  Trails and parks offer access to cacti, wetlands, hardwood forests, undeveloped beaches, rivers, and more.
- **CYCLING**
  You can explore the outdoors by bicycle on trails or paved greenways. Check with local organizations to find trails in your area.
- **PADDLING**
  Florida’s rivers, wetlands, and coasts offer many chances for exploring fresh and saltwater areas by canoe, kayak or paddle board.
- **SWIMMING**
  Numerous springs and waterways, along with popular beaches, mean Florida is a premier state for swimming. Snorkeling, scuba diving, and surfing are other ways to enjoy water recreation.

**THINGS TO DO**
When preparing for and during your trip, make sure you do the following:
- **Become FAMILIAR** with the area you are traveling. Print out or buy maps of the trail or park and know how to read them.
- **Bring a GPS** navigator or compass if you will be traveling on unmarked trails or unfamiliar territory.
- **Bring appropriate GEAR**; snacks, water, good footwear for hiking, personal flotation devices and swimwear for water outings. First-aid kits are always recommended.
- **Check the WEATHER** and be aware of the tide schedule and currents that you will encounter.
- **LEAVE NO TRACE**. Discard trash in appropriate bins or bring a bag for carrying your trash until you can dispose of it properly.

**WHERE TO GO**
If you want to embark on an adventure, here are some areas to explore:
- **NATIONAL PARKS**
  [http://www.nps.gov/state/FL/index.htm](http://www.nps.gov/state/FL/index.htm)
- **STATE PARKS**
  [https://www.floridastateparks.org/things-to-do/activities](https://www.floridastateparks.org/things-to-do/activities)
- **STATE FOREST**
- **FLORIDA’S GREENWAYS AND TRAILS**
  [http://www.dep.state.fl.us/gw/default.htm](http://www.dep.state.fl.us/gw/default.htm)
- **THE GREAT FLORIDA BIRDING TRAIL**

---

**DID YOU KNOW?** Being active is an important part of staying healthy for individuals, families, and consumers. It gets your heart rate up, burns calories, and strengthens your muscles and bones. Everyone throughout the lifecycle should engage in healthy self-care behaviors including getting regular exercise and staying active. Best of all, being active can help people with diabetes or pre-diabetes. Read more here:
