## Citrus County 4-H Clubs

### Florida 4-H prepares youth for life's challenges

The Florida 4-H youth program address the needs of young people by focusing on their strengths and capacities and the essential elements of a 4-H experience are the "best practices" that staff and volunteers address as the basics of developmental needs of youth—independence, mastery, belonging and generosity.

The 4-H Clubs run from September 1 to May 31  
Awards Banquet held in August
