

4-H CLUB FACT SHEET

Growing with 4-H Club Duval County 4-H

Club Purpose

The purpose of our club is to empower youth through hands-on learning that builds creativity, leadership, and essential life skills. We aim to create a supportive environment where all members—whether new or experienced—can grow, explore their interests, and gain confidence. Through a variety of engaging projects, our goal is to help youth discover their strengths, develop practical abilities, and prepare for success in 4-H and beyond.

Club Projects

Our Cloverbud club introduces youth ages 5–7 to a variety of 4-H project areas through fun, age-appropriate activities. Projects are designed to spark curiosity and develop foundational life skills through topics like animals, plants, cooking, science, art, and community. Each hands-on experience helps build confidence, creativity, and a love for learning, all while preparing youth for future involvement in 4-H.
