Discovery Gardens Tour Request Form

INSTRUCTIONS: Complete, sign and return this form to address, email or fax above to schedule your group, school, or garden club tour of the Discovery Gardens. Allow two-week advance notice.

Built in 1994, Discovery Gardens is a 3.5-acre public garden located at the University of Florida/Institute of Food and Agricultural Sciences (UF/IFAS) Lake County Extension in Tavares, Florida. Our twenty-four themed gardens showcase a diversity of Florida-friendly landscape plants found to thrive throughout Central Florida. To help us in our mission to teach Florida Friendly Landscaping (FFL) principles, the Horticulture Learning Center (HLC) followed eighteen years later. **Master Gardener Volunteers may not accept any gratuities or compensation in any form. If you so desire, you can donate to the Master Gardener Volunteer program by coming into the office.**

At Discovery Gardens, our Master Gardener Volunteers are always experimenting with new varieties of plants and creating displays and gardens that demonstrate topics such as:

- Water-wise gardening,
- Butterfly gardening,
- Vegetables,
- Gardening for the five senses,
- Orchids,
- Edible gardening
- Succulents,
- And more.
