Revised 7/2025

**PLEASE READ **PAGE 24** FOR INSTRUCTIONS ON HOW TO COMPLETE THE PROJECT STORY AND PROJECT PHOTOS SECTION.**

**HELPFUL HINTS**

- Read the whole record book thoroughly before you start. You may want to make a copy of your record book to use as a rough draft.
- Fill in the inventory first, use last year's book and start with what you already have on hand.
- Keep your records up to date.
- If you need more pages, print them yourself and fasten them in the book.
- When items or supplies have been **donated** to you for use in your project, make sure to give the item or supply a value.
- Do not include materials in the Record Book that will add "bulk" (example: various scrapbook embellishments, such as buttons, eyelets, ribbons, dimensional stickers, letters, etc.) Use only "flat" stickers, photos, etc.
- Do not confuse page numbers with section numbers.
- **Buyer Letters must be attached and typed.**
- Record books must be completed in order to be eligible for the sale. Incomplete record books will receive a zero under record book and returned to the youth at fair check in to complete. Failure to complete the record book will result in not being able to sell the birds and default to the production trio rules and awards.

**\*\*\*\*\*Double check and triple check your math figures.  
Check your spelling too.**

**\*\*Don't forget to depreciate equipment at the end of the project, animals would be at the resale value (this is what it would be if you sold your animal at market).**

**NOTICE TO PARENTS:** Parents may, and should, provide leadership and guidance for the exhibitor. However, the Record Book must be compiled and completed by the exhibitor **in their own handwriting**. If a book is turned in to be graded and is found to not be in the exhibitor's handwriting, the book will be moved (at committee's discretion, to the Pass/Fail category).

**CURRENT YEAR:** All information in this Record Book is to include those activities and events you have done this project year (beginning to end of project). Do not include information that you did last year, or the years before, only include current information. Please list date in **mm/dd/yy** format for all pages. ***Your animals & feed costs should only include the Auction Birds.***

**NEATNESS:** You can use either a pencil or pen. You may either print or use cursive writing. You may use lined or plain papers for your story and picture pages. (Make sure there are no ragged edges). If you make a mistake, erase it completely, or use white-out to correct pen errors. Make your records as neat as possible. **THE ONLY SECTIONS THAT CAN BE TYPED ARE THE PROJECT STORY AND THE AUCTIONEER'S STATEMENT. PHOTO CAPTIONS / DESCRIPTION OF ACTIVITY IN PHOTO MUST BE HANDWRITTEN (DATE MUST INCLUDE MONTH/DAY/YEAR).**

**ACTIVITIES:** A total of 6 activities need to be completed. Certificates for interactive activities and workshops issued by the Extension Office may count toward your six required activities. It is recommended that you complete the Skill-A-Thon book to help prepare you for the Skill-A-Thon. Skill-A-Thon books can be found on the Osceola County Fair web site under navigation tab PARTICIPATE>LIVESTOCK>RECORD BOOK & SKILL-A-THON BOOKS. Note: Studying for the skill-a-thon is not an approved activity. Attending chick pickup and leg banding is not considered an activity. Completing the Activities in this record book do count towards your activities. **Before turning in to 4-H in May have your leader sign the Activity Page showing they have seen your six (6) completed Activities.**

## **AUCTION POULTRY HENS PROJECT INVENTORY**

### **Project Terms and Explanation**

#### **Notes for Project Inventory**

1. **Project Year - Based on a calendar year. The current project year is same year as current Fair,** (beginning in August).
2. **Beginning Inventory** – is the cost or value at the beginning of the project.
3. **Depreciation of 10%** - This will be the amount to be deducted for this year. Depreciation is the loss in value of your assets and is an expense. This calculation should be displayed as a money value. Your work needs to be checked with a calculator.
4. **Value at the end of the project-** This is the value at the beginning of the project minus the depreciation.

**IF AN ITEM IS GIVEN TO YOU OR DONATED** INCLUDE A PRICE IN THE PURCHASE COST COLUMN, AS THIS ITEM STILL HAS VALUE. Note that it was donated beside item. If you build something large with a lot of parts (like a pen) please put the total value of the constructed item.

## PROJECT INVENTORY / ASSETS

List all equipment and assets you had at the beginning of the project. After listing existing inventory, you must list items you purchased this year that you will keep after the project is finished. List all equipment that is used for the project or points will be deducted. If an item is a gift, it will still need to be given a dollar value. **List items you will keep past the end of this project on this page only** (inventory examples include clippers, blowers, chutes, tack, etc.) Do NOT list expendable items such as shampoo, etc. **Refer to Project Terms and Explanation, for descriptions of each column.
