Wild Pennyroyal	<i>Piloblephis rigida</i>	X				Perennial	violet	X	X	X		X
Blue-eyed Grass	<i>Sisyrinchium angustifolium</i>	X				Perennial	blue-purple	X				X

To reduce risks to pollinators, buy plants that have never been treated with systemic insecticides.
Every plant has different sun, soil, and moisture conditions in which it grows best and should be planted in a suitable location.

Find native plants through your local native plant nurseries (www.fann.org)
or through your local chapter of the Native Plant Society (www.fnps.org)
