

# Majestic Palm

## *Ravanea rivularis*

Most often seen as an indoor container plant. The Majestic Palm, also known as Majesty Palm, thrives in warm, humid environments and prefers bright but indirect light. Direct sunlight can scorch the leaves. They prefer high humidity and moist, well-drained soil. Overwatering can cause root rot. Avoid cold drafts or direct heat.

**Type:** perennial evergreen house plant

**USDA hardiness zones:** 10 through 11
