

THE BENEFITS

4-H is America's largest youth development organization. Through 4-H, youth are put on a trajectory to thrive through experiential learning in a strong developmental context. The 4-H Thriving Model is the theory of change for positive youth development in 4-H. High quality 4-H program settings provide youth a place to belong, matter and explore their personal spark. High quality settings foster developmental relationships with youth, relationships that express care, challenge growth, and share power. These components help ensure that 4-H programs provide a nourishing developmental context — a place where youth can belong and grow.

FAQ

What is the cost?

Low to no cost!

Cost varies by location contact your local agent for more information.

What is provided?

Every county is unique. 4-H Agents provide “4-H 101” basics and may also provide specialized materials/equipment based on activities.

What grade levels do you work with?

We can provide programming for all grades K-12. Some programs work better with certain grades than others, but there is a program available for everyone!

An Equal Opportunity Institution. UF/IFAS Extension, University of Florida, Institute of Food and Agricultural Sciences, Andra Johnson, Dean and Director. Single copies of UF/IFAS Extension publications (excluding 4-H and youth publications) are available free to Florida residents from county UF/IFAS Extension offices.

Teacher Guide

4-H PROGRAMS

OPPORTUNITIES INCLUDE PROGRAMS SUCH AS:

Public Speaking and Embryology are two of the top 4-H in school programs in Florida.

A structured 4-H program where students engage in a series of hands on learning experiences that complement their regular curriculum during school hours. These experiences are facilitated by Extension staff or trained volunteers, including teachers.

EMBRYOLOGY

4-H Embryology provides teachers with the opportunity to hatch chicks in their classrooms! We provide equipment and a curriculum to guide your class through the 21-day hatching process. This is an immersive project that can cover nearly every subject!

PUBLIC SPEAKING

Public speaking is one of the most useful skills to have and yet, it is one of the top phobias in America. We make public speaking easy by hosting classroom and school speech contests for your students. This program is sponsored by Florida Power and Light.

MAKE LEARNING FUN AND EXCITING FOR YOUR STUDENTS!

Partner with 4-H, the largest youth development program in the nation!

4-H lets you create a club in your school that matches your interests and goals.

You can choose from a wide range of topics, such as gardening, robotics, cooking, art, animals, and more.

You can also design your own projects and activities that fit your curriculum and schedule.

Whether you want to have a club during class time or after school, 4-H has something for everyone.

By collaborating with 4-H agents, teachers have the opportunity to enrich their educational programs, address the diverse needs of students, and create a more comprehensive and impactful learning environment.

DID YOU KNOW?

Students who participate in 4-H score higher on standardized tests.

Curriculum is Research based and can be easily adapted to meet Florida Education standards

DON'T MISS THIS OPPORTUNITY
to enrich your classroom with 4-H.
